Sub.: Line of confirmation from IREDA to SEDL for funding Energy Efficient Technology Equipments to be installed in Sugar Mills

Dear Sir,

With reference to the presentation made by you at IREDA on the energy efficient equipment manufactured by your organization particularly for the sugar mills, we would like to inform you that sugar mill owners who implements energy efficiency measures in their sugar mills are eligible for financial assistance (upto 70% of project cost) from IREDA subjected to their meeting eligibility criteria.

Further, the sugar mills can also approach IREDA for financial assistance for setting up co-generation power project based on the sugar plant which will not only help them in meeting their power requirements but also in generating additional revenue by sale of surplus power.

For further information / clarifications with regard to availing financial assistance, the sugar mill owners can approach IREDA directly or through you as may be convenient to them. Financing Guidelines and other terms & conditions for financial assistance can be seen at IREDA's website www.ireda.gov.in

Thanking you,

Yours faithfully,

(B.M. Chauhan)
General Manager (PTS)
